Product Directions

Print card templates. Lined version is included for writers who need more structure. Choose one picture to be on the inside of the pop-up card. Picture can be colored or decorated, or students can create their own pop-up insert. Enjoy!

POP-UP CARD DIRECTIONS:

***Cut on dotted lines and fold on solid lines

1. Choose either the blank or the lined version of the card template and cut around the outside of the card on the dotted lines.
2. Decide who you'd like to write your card to (a teacher, parent, friend, etc.), and use the 'Writing a Holiday Card' worksheet to draft your letter. Then, write your message in your best handwriting on your holiday card template.
3. Next, fold the card in half along the solid line, keeping the writing on the OUTSIDE of the card, not the inside.
4. Cut two slits into card on the dotted lines only. Do NOT cut on solid lines. Then unfold the card.
5. Fold card in half the other way, with the writing on the INSIDE, but pop the grey piece towards the inside of the card. Crease on solid lines above and below the slit. Your message should now be on the inside of the card, and the grey tab should pop out towards the center.
6. Choose a picture, cut it out, and color it in, or draw your own picture. Attach it to the tab on the inside of the card with tape.
7. Last, get a blank piece of paper for the outside of your card. Fold it in half and attach your pop up card to the inside. Decorate the outside of your card with a holiday message or drawing. Once you have finished, tape or glue your card on the inside!

WRITING A HOLIDAY CARD

Start with a greeting...

Dear _____,

What do you appreciate about this person?

I appreciate you because you are _____

_____.

Give some evidence!

You always _____

_____.

What is your holiday wish for this person?

I hope you _____

_____.

Conclude your letter...

Love/all the best/yours truly, _____
